## TOM SHEVLIN, YALE'S STAR ATHLETE, BACK TO HIS FORM

On Account of Frequent Changes  
He Has Been a Little "Off,"  
but from Now On Will Be at His Best.

**T**OM SHEVLIN, Yale's all-round athlete, who has played for two years on the Varsity football eleven, is reputed to have more "football sense" than any player on the Yale eleven. This, combined with his great speed and giant strength, make him the most valuable man on the Yale squad.

Last season Shevlin played end and by his dashing aggressiveness was a powerful force not only in breaking up the opponents' defense but in buckling the line or offensive work. This season because of the need of a powerful battering ram back of the Yale line, the coaches decided to make a half-back of Shevlin. Though a stranger to the tactics of the position, Shevlin quickly adapted himself to them and hit the line like a human catapult. Often he has been known to dash into a mass of struggling players and actually carry three or four men forward with him by his herculean strength.

Because of the failure to develop suitable ends on the team Shevlin was drafted back to old position by the coaches and will probably hold down the left end of the line for Yale.

Shevlin is one of the kind of football players who seldom gets hurt because he is so well equipped for meeting the line for breaking through interference. The frequent changing from back to linesman has demoralized his general work on the team to some extent, but the few games put in it is believed he will be one of the strongest dependents of the Yale coaches in the big games to come.

## TIGER COACHES ARE OLD PLAYERS

**P**RINCETON, N. J., Oct. 25.—The three men who control the destinies of the Princeton football team are Coaches Hillebrand, Davis and Barnard. They are earnest, energetic and resourceful, as is proved by the work of last Saturday.

These three veterans, two of whom, Hillebrand and Davis, were captains of the teams on which they played, are abundantly qualified to bring out the best that the Tigers have in them, and they expect to hold the championship, which this team won last year.

Strengthened by the addition of Dillon, last year's guard, who resumed practice yesterday, the Varsity's line showed improvement notwithstanding the strong attacks of the scrub backs.

Some trouble has been reported and it is thought that as usual most of the practice of the week preceding the game with Cornell will be conducted behind closed doors. During the two long halves of practice the Varsity scored or tied in every line to dispose for the welter-weight title with any man who comes along.

At present Jimmy Britt is actually favorite in San Francisco. This seems strange to men who have been watching him in his fights and to whom Britt is only a name.

## KNIGHTS OF COLUMBUS START THEIR TOURNEY

**M**cGIVNEY, Congress Own and Castilian Councils Start Season's Ball Rolling at Colonial Alleys.

The Knights of Columbus opened their annual tournament last night at Thum's Colonial Alleys. McGivney, Congress Own and Castilian rolled the first games, McGivney winning twice and Castilian beating Congress Own. District Deputy Eugene Clark opened the tournament with a speech, after which he rolled a strike in each alley as a starter to what promises to be the most successful tournament yet held by the Knights. Brother Clark spoke in part as follows:

Worthy Brothers and Friends, I regret very much that time does not allow me to address you officially, but I have chosen to do so to open again the tournament of the K. of C. Bowling League, in place of our worthy State Deputy, Brother Tom.

I feel that he would be much better qualified for this duty, for the reason that he is thoroughly familiar with sports of all kinds and can always make an address worthy of the occasion.

Two years ago Castilian, of which I am a member, first called and gave me the honor to preside, carried it off.

Now, however, the other councils who have a strong bowling organization have come out first this year, in which I feel will be the most successful set of games that you have thus far held.

The result of the juries will win or lose a game for some one, but once that decision is rendered there let no dissension arise between the other councils, accept it manfully and try again.

I sincerely trust that this tournament will result in great good for all the participants for the winter in general.

The officers for the tournament are: James A. McLeavy, Chairman; William A. Schwab, Secretary-Treasurer; Executive Committee, John A. Lee, G. F. Keefe, E. Greenleaf, P. J. Smith, T. P. Connor, T. F. Stapleton and D. F. MacSweeney.
